* RAF Croughton is home to part of the US Air Force 501st Combat Support Wing. RAF Croughton “operates the largest military processes and switchboards for approximately a third of all the United States military communications between Europe and CONUS, besides all the communications for deployed and en-route war fighters.

“RAF Croughton offers 23 information and communication weapon systems, serving for supporting the operations of the European Central Command, NATO, and Presidential operations in Europe.”
